

POLICY**2240 RESEARCH, EVALUATION AND PLANNING**

As required by law, the Chief School Administrator shall annually direct development or review of district long and short range goals and the plan of action to attain them. Objectives shall be developed with community participation and approved by the Board of Education; the plan of action shall be prepared in consultation with teaching staff members. The district's plans shall be discussed at a public meeting before the date required by law.

Further, the Chief School Administrator shall coordinate continual research and evaluation of programs and facilities. The master plan shall be studied and revised periodically to keep it in accord with the changing circumstances and aspirations of the district.

The Chief School Administrator will supervise the preparation and timely submission of accurate reports in order to ensure compliance with all Federal, State, County and Local laws and regulations, Board policies, contract terms and conditions. The CSA will promptly prepare and file updates and revisions to reports whenever new information becomes available that would require that an amended report be submitted. The CSA may delegate the preparation and revision of reports to other employees of the Board. However, the CSA retains final responsibility for the action taken when tasks are delegated. If the revisions and corrections are so significant as to compromise the basic integrity of the report, the CSA will inform the Board President in order that appropriate corrective action may be taken by the Board.
