

POLICY

3542.1 LOCAL WELLNESS/NUTRITION

The Board believes that children need access to healthful foods and opportunities to be physically active in order to grow, learn, and thrive, and that good health fosters student attendance and education.

To promote healthful behavior in the school, the Board is committed to encouraging its students to consume fresh fruits, vegetables, lowfat milk and whole grains. The Board is also committed to encouraging students to select and consume all components of the school meal.

In order to promote and protect children's health, well-being, and ability to learn, the Board is committed to providing school environments that support healthy eating and physical activity and will ensure that:

- A. All students will have opportunities, support, and encouragement to be physically active on a regular basis.
- B. Foods and beverages sold or served at school will meet the nutrition recommendations of the *U.S. Dietary Guidelines for Americans*, and the USDA nutrition standards for National School Lunch, School Breakfast and/or After School Snack Programs. The district will regulate the types of food and beverage items offered outside the federal meal requirements, such as ala carte sales, vending machines, school stores, and fundraisers.
- C. All students will be provided with adequate time for student meal service and consumption in a clean, safe, and pleasant dining environment. Lunch and recess or physical education schedules will be coordinated with the meal service.
- D. To the maximum extent practicable, all schools in our district will participate in available federal school meal programs (including the School Breakfast Program, National School Lunch Program including- After-School Snack Programs, Summer Food Service Program, and Child and Adult Care Food Program).
- E. Schools will provide nutrition education and physical education to foster lifelong habits of healthy eating and physical activity, and will establish linkages between health education and school meal programs, and with related community services.
- F. The Board will engage students, parents, teachers, food service professionals, health professionals, and other interested community members in developing, implementing, monitoring, and reviewing district-wide nutrition and physical activity policies.

All Schools

POLICY

The following items shall not be served, sold or given out as free promotion anywhere on school property at anytime before the end of the school day:

- A. Foods of minimal nutritional value as defined by the United States Department of Agriculture
- B. All food and beverage items listing sugar, in any form as the first ingredient
- C. All forms of candy

Schools shall reduce the purchase of any products containing trans fats. All snack and beverage items sold or served anywhere on school property during the school day, including items sold in a la carte lines, vending machines, snack bars, school stores and fundraisers or served in the reimbursable After School Snack Program, shall meet the following standards:

- A. Based on manufacturers nutritional data or nutrient facts labels:
 - 1. No more than eight grams of total fat per serving, with the exception of nuts and seeds.
 - 2. No more than two grams of saturated fat per serving.
- B. All beverages shall not exceed 12 ounces, with the following exceptions:
 - 1. Water.
 - 2. Milk containing two percent or less fat.
- C. Whole milk shall not exceed eight ounces.

Elementary Schools

- A. 100 percent of all beverages offered shall be milk, water or
- B. 100 percent fruit or vegetable juices.

Middle Schools

- A. At least 60 percent of all beverages offered, other than milk and water, shall be 100 percent fruit or vegetable juices.
- B. No more than 40 percent of all ice cream/frozen desserts shall be allowed to exceed the above standards for sugar, fat, and saturated fat.

General School District Requirements

Food and beverages served during special school celebrations or during curriculum related activities shall be exempt from this policy, with the exception of foods of minimal nutritional (FMNV) value as defined by USDA regulations.

POLICY

This policy does not apply to: medically authorized special needs diets pursuant to federal regulations; school nurses using FMNVs during the course of providing health care to individual students; or special needs students who's Individualized Education Plan (IEP) indicates their use for behavior modification.

Adequate time shall be allowed for student meal service and consumption. Schools shall provide a pleasant dining environment. The Board recommends that physical education or recess be scheduled before lunch whenever possible.

The district's curriculum shall incorporate nutrition education and physical activity consistent with the New Jersey Department of Education Core Curriculum Content Standards.

The Chief School Administrator will specifically address the issue of biosecurity for the school food service. Biosecurity may be part of the plans, procedures and mechanism for school safety.

The Board is committed to promoting the nutrition policy with all food service personnel, teachers, nurses, coaches and other school administrative staff so they have the skills they need to implement this policy and promote healthy eating practices. The Board will work toward expanding awareness about this policy among students, parents, teachers and the community at large.

The Chief School Administrator shall develop regulations consistent with this policy, including a process for measuring the effectiveness of its implementation, and designating personnel within each school with operational responsibility for ensuring the school is complying with the policy.
