Parent /Teacher Conferences
Parent/teacher conferences will be held near the time of issuance of report cards for the first and third marking periods. Certain dates have been set aside to provide time for parents to discuss their child’s report card and educational progress. Notices to schedule the conferences will be brought home by your child. All parents are urged to participate. Conferences during the third marking period will be scheduled by request only. Parents as well as teachers may initiate the conference. Parents/guardians are welcome to make an appointment to discuss their child’s progress at any time during the school year.

Promotion/Retention
Proficiency standards relative to the promotion/retention of pupils will include but not be limited to report card grades, standardized test results, teacher observations and recommendations, formal and informal test scores, and Child Study Team recommendations.

Parents of any pupil under consideration for retention will be notified by mail. The principal will schedule a conference with all involved parties. After a review of all available information, the Principal shall make the pupil’s grade assignment for the following year. Any parent/guardian who disagrees with the Principal’s decision shall be notified of their right to appeal to the Superintendent. However, in accordance with district policy, the administration’s decision is final. The district policy contains additional information and is available through the Office of the Superintendent.

AFFIRMATIVE ACTION STATEMENT
The Dennis Township School District is committed to equality of opportunity for all persons in all areas. We operate under an Affirmative Action Program and Policy.

Copies of the Affirmative Action Plan and grievance procedure are located in the Superintendent’s Office. They are available for your perusal by making an appointment.
If you feel your rights have been denied or you have been discriminated against, you can file a complaint with the Office for Civil Rights, U.S. Department of Education, Region II, Federal Building, 26 Federal Plaza, New York, NY 10278.

The Affirmative Action Officer for the Dennis Township School District is Ms. Joann Shilinsky ext. 234.

**AFTER SCHOOL ACTIVITIES**
Children at school must be supervised at all times. If a child chooses to attend an after school athletic or extra-curricular event, he/she MUST follow regular dismissal procedures and go home before attending activities. Children are NOT permitted to stay at school while waiting for the event to begin.

**ATTENDANCE**

*Parents are responsible for children to attend school according to state law.* If a student must be absent or late, a note from a parent or guardian stating the reason and the dates is to be turned in to the classroom or homeroom teacher upon the student’s return. *A doctor’s note is required from a student absent five or more consecutive days or following a communicable disease.*

Continual, unexcused absences, for any reason, may result in the filing of a court complaint and possible retention of a student, as per Board Policy. Students who accumulate absences or tardies that exceed eighteen days will be referred to the judicial system as required by state law. Please see the district’s attendance policy for additional information.

A student who is absent from the regular school program may not participate in an extra curricular activity on that day.

The Board of Education requires that the pupils enrolled in the schools of this district attend school regularly in accordance with the laws of the state. The education program offered by the district is predicated on the presence of the student and requires continuity of instruction and classroom participation. The regular contact of students with one another in a classroom and their participation in a well-planned instructional activity under the tutelage of a competent teacher is vital to this purpose.

Attendance at school may be excused at the Superintendent’s discretion when the demonstrated mental or physical condition of the pupil is such as to interfere with learning or prevent attendance, or by the observance of the pupil’s religion on a day approved by the Board as a religious holiday, or by such circumstances as the building Principal may determine constitute good cause. No pupil, staff member, or visitor may attend or visit school if he or she has an uncoverable or uncovered weeping skin lesion, whether or not the person has been screened for HIV. *Limits may be set on the number of excused absences granted to a child during the school year.* All other absences are unexcused.

Pupils absent from school for any reason are responsible for the completion of assignments missed due to their absence. Students will be allowed one day to make up missed work for each
day they are absent from school. No student excused for a religious holiday shall be deprived of an award or eligibility to compete for an award or the opportunity to make up a test given on the religious holiday.

Prolonged or repeated absences and lateness, **excused or unexcused**, from school or from class, deprive the pupil of classroom experience deemed essential to learning and may result in retention at grade level in accordance with policies of this board. A warning notice shall be given to any pupil, and to the parent or legal guardian of any minor pupil, who has been excessively absent or late, excluding any absence attributable to disciplinary suspension.

**The total of excused absences or lateness, for any reason, shall not exceed 18 during the school year, or 9 during any semester.** Absences or latenesses in excess of these numbers will be grounds for legal action to be instituted by the District to ensure student attendance in school. Unexcused absences from school or from classes within the school day constitute truancies and shall be subject to the disciplinary rules of the Board. Repeated truancies that interfere with efforts of this Board and its staff in the maintenance of good order and the continuity of classroom instruction may result in the suspension or exclusion of any pupil from the course of study during which absences have occurred or the suspension or expulsion from school of a pupil over 16 years of age, in accordance with Board policy. Before any such action is taken, every effort shall be made to identify the habitual truant, investigate the cause or causes of the pupil’s behavior, and consider the modification of the pupil’s educational program.

**Reporting Student Absences**
Parents are requested to call the office before 9:15 AM to report that their child will not be in school for that day. The phone number is 861-2821, ext.500.

An answering machine will also be available from 4:00 PM each afternoon until 8:00 AM the following morning to report absences. Reporting an absence, however, does not legally **excuse** the absence.

**Tardiness**
Students are expected to be in school and ready for class at the appropriate school start time. Parents of students late for school must “sign-in” the student at the appropriate grade level office. If a student’s lateness causes him/her to be present less than four hours of the day, the student will be marked a half day absent. Excessive tardiness shall be dealt with in the same manner as excessive absence. Please refer to the section entitled “Attendance”.

**Transportation by Parents/Guardians**
Transportation is provided by the school district and should be utilized by students. However, if parents/guardians must transport a student, **students should not be dropped off in the morning prior to 8:40 AM. The school day begins promptly at 8:45. Students are considered tardy after 8:45.**

Student drop off for the Primary School children is the side driveway. This drop off area is accessible by driving through the parking lot. Students must not be picked up or dropped off in the school bus area at the front of the building.
Children are not to be dropped off in school bus areas.

Late Arrival and Early Dismissal of Students
Although we realize that it is sometimes necessary for students to be dismissed from school early for medical appointments, we discourage this practice. We encourage the parents of our students to make every effort to schedule medical and dental appointments after school hours.

Parents may not call school during the day to arrange a student pick up. Only students with a note in the morning will be kept off the bus. Front office staff is not permitted to accept verbal phone requests for student pick up.

If a child arrives in school after a session begins, he/she shall be marked tardy. The Board recognizes that from time to time compelling circumstances will require that a pupil be late to school or dismissed before the end of the day.

As agents responsible for the education of the students of this district, the Board requests that the school be notified in advance of such late arrival or early dismissal by written request of the pupil’s parent/guardian, which shall state the reason for the tardiness or early dismissal. No pupil in grades kindergarten through eighth grade shall be permitted to leave school before the close of day unless he/she is met in the school office by his/her parent/guardian or a person authorized by the parent/guardian to act on their behalf.

Parents may not remove their children from buses.

ASBESTOS HAZARD EMERGENCY RESPONSE ACT (AHERA) NOTICE
In compliance with the U.S. Environmental Protection Agency (EPA) Asbestos Hazard Emergency Response Act (AHERA), the district performed an inspection of the school building for asbestos-containing building materials. The inspection findings and asbestos management plans are on file in the school office.

The EPA requires the district to perform re-inspection of the asbestos materials every three years and annual inspections each year, to ensure that all asbestos material is contained in good condition.

The inspection of the school found all asbestos contained material to be in good condition and will continue to be managed in place as recommended by the district accredited management planner.

The management plans are available for inspection at the school office. Interested persons are invited to call the school to review or discuss the management plans.

BICYCLES
Primary School students are not permitted to ride bicycles to school.

SPECIAL NOTE: Mopeds, skateboards and go-carts are not allowed on school grounds at anytime.
BOOKS
All students are loaned books from the classroom for use during the school year. Costs for lost or damaged books and all other fines must be paid for before final report cards are released.

BULLYING
Bullying and making threats against other students is a serious behavior problem. Children do not need to become involved in physical confrontations to be involved in bullying behavior. Children involved in bullying behavior will be disciplined in accordance with school regulations and will also be referred to the school guidance department.

For more information, please contact Monica DiVito at ext. 220

CAFETERIA SERVICE POLICY

After June 1st, children can only charge a cheese sandwich. If charges are not paid by the last day of school, your child will not be allowed to charge next year.

CHAPERONES/ROOM PARENTS
The Dennis Township Elementary School welcomes all parents and guardians who volunteer their time to serve as event chaperones and room parents. Administrative approval is required. Your assistance allows the school to give the children many opportunities that they would not normally have. As a chaperone or a room parent, you will be helping your child’s teacher during an extraordinary learning experience. Please remember-

- No smoking is allowed on school property, or during any field trip or assembly.
- Hats are not to be worn indoors. Please remove all headgear when entering buildings, museums, restaurants etc.
- Please restrict your use of cellular telephones to essential messages only.
• Your primary responsibility is to assist the teacher help the children. Please follow his or her directions on how you can be of assistance.

**CHILD ABUSE**
All staff members are legally required to report all suspected child abuse. Failure to report suspected child abuse may result in their loss of state certification and employment.

**CURRICULUM**
The Dennis Township Board of Education provides all students with a thorough and efficient education in an environment conducive to learning. All teaching staff members are professionals with extensive training and are certified by the State of New Jersey. The courses listed below are presented:

Modifications are made to the general curriculum in special education resource room settings and accommodations are made for special education students to meet the regular education curriculum in in-class resource room settings. Enrichment programs are available K-8.

Remedial education is provided through Chapter I, State Compensatory Education, and local Board of Education funds.

If you have any questions, please call Mr. George R. Papp, Superintendent at 861-0549.

**DIRECTORY INFORMATION**
The Dennis Township Elementary School will use student’s names on lists, etc. that may be published in newspapers or on the Internet. If you do not want your child’s name released, please inform the principal of this in writing.

**ELECTRONIC AND COMMUNICATION DEVICES**
Electric games, audio, and video equipment are not permitted on school property or on the school bus for any reason without the written consent of the principal.

Cell phones are not permitted for student use during the school day or during school sponsored events. Further, they are not permitted to be used on school buses. If a student opts to bring a cell phone to school, the phone must be placed in the student’s locker during the school day and the student assumes responsibility if it is lost/stolen. Finally, a student who brings a cell phone onto school grounds agrees that the phone may be searched if there is reasonable suspicion that administration should do so.

The loss of this equipment, for any reason, is the sole responsibility of the student. Any electronic items found on the student’s possession during the school day, during a school sponsored event, or while on school transportation will be confiscated by administration. These items will be returned to the student on the last day of school in June or at a parental conference. However, items may remain in the possession of the administration if there is a disciplinary and/or legal action pending.
FIELD TRIPS
Filed trips are an excellent opportunity to enhance the students’ educational experience outside the classroom. All children are entitled to transportation to and from all field trips. If a child takes school transportation to a field trip, the student must also return to school by the transportation provided.

FIRE AND SAFETY DRILLS
New Jersey law requires all schools in the State to hold a minimum of two (2)* drills per month. The Dennis School District complies with this statute. All drills are treated as if they were an actual emergency.

During fire drills children are to leave and return to their classrooms in a quiet and orderly manner. Failure to do so is a serious student offense and will be handled in accordance the District’s discipline policy.

Safety drills will be performed in an attempt to secure our buildings and protect our students against unattended intrusions. These drills may be unannounced, and will be treated as if they are a real event.

*Please Note: Beginning November, 2010 the law will require one fire drill and one safety drill per month.

GENERAL CODE OF CONDUCT
Students are reminded of the following:

- Students must remain on the school grounds at all times during the school day. Students may not leave the school grounds under any circumstances without approval from the main office.
- This school is located in a “Drug Free” school zone. Possession of cigarettes, chewing tobacco, alcohol, or drugs of any type including drug paraphernalia is prohibited on school grounds. Devices and cell phones on which there is a suspicion of information related to harmful or illegal activities may be seized and searched. Proper legal authorities will be notified.
- The possession of matches, knives, guns including toy guns, or any other dangerous materials are not allowed.
- Students are not to be in the faculty lounge at any time. This includes before and after the school day.
- Chewing gum is prohibited at all times.
- Hats are not to be worn in the building at any time.
- Toys, baseball bats, water pistols, toy guns, pen knives, radios, walkmen, tape recorders, video recorders, electronic games and other potentially disruptive or harmful items are not allowed on school property or buses. These items will be taken from students and returned at a later date. In rare circumstances, the principal may authorize use of such items for a specific limited time. Such authorization will be in writing.
“Zero Tolerance For Guns Act.”
Any pupil who is convicted or adjudicated delinquent for possession of a firearm or a crime while armed with a firearm or found knowingly in possession of a firearm on any school property, on a school bus, or at a school-sponsored function shall be immediately removed from the school’s regular education program pending a hearing before the local board of education to remove the pupil from the regular education program for a period of not less than one calendar year subject to modification on a case-by-case basis by the Superintendent.

Detention
A student may be assigned after-school detention by the classroom teacher or the administrator.

- Parents will be notified when their child is assigned after school detention. Detentions will be held Monday. Transportation is provided for students assigned after school detention. Other detentions may be arranged by classroom teachers with twenty-four hour notice and parent arrangements for transportation.
- The student is to return the detention notice signed by the parent to the office the following school day.
- A student unsatisfactorily serving the detention may be suspended the following day.
- During detention, students are expected to work on relevant school-related assignments.
- As in all good discipline, this is progressive and will be assigned only after more positive means have been exhausted.

Suspension and Expulsion
While positive approaches to acceptable behavior are more effective, it is sometimes necessary to penalize pupils for violations of school regulations to ensure the good order of the school, and to teach them the consequences of disruptive behavior.

In accordance with Board of Education policy and NJSA 18:37-2, pupils who indulge in disruptive behavior may be suspended or expelled. Disruptive behavior includes, but is not limited to:

- Code of Conduct Violations
- Continued and willful disobedience
- Open defiance of the authority of any teacher or person having authority over a pupil
- Actions that constitute a danger to the physical well-being of other pupils
- Physical assault (as defined by NJSA 2C:12-1) upon another pupil, a teacher, a Board member, a visitor, or any school employee
- Taking, or attempting to take, personal property or money
- Willfully causing, or attempting to cause, substantial damage to school property
- Truancy and class cutting; leaving school property without permission;
- Bullying;
- Poor attendance and lateness;
- Use or possession of unsafe or illegal articles;
- Use of any tobacco product on school property;
• Use, or suspected use of, possession or sale of a controlled dangerous substance or misrepresenting any substance as a controlled dangerous substance
• Use of profanity or abusive language
• Turning in a false alarm
• Misrepresenting any item as safe for human consumption
• Tampering with or damaging property of other pupils or staff members
• Unwanted or unwelcome sexual comments or advances
• Use of racial slurs or epithets
• Making verbal threats, either as a member or a group or as an individual
• Inappropriate touching of another student
• Inappropriate use of technology equipment.

In order for suspension or expulsion to occur all students are entitled to and must receive procedures of due process.

Pupils under suspension are prohibited from participating in or attending any school-regulated activity during the period of their suspension. They may not enter the school buildings or grounds of this district without the permission of the Building Principal.

Prior to return to school, a parent conference with an administrator and or other appropriate personnel must occur.

Children who receive out-of-school suspension are the responsibility of their parents or guardians. They are to be supervised at all times. Children are not to be out in the community unsupervised while under suspension.

**Excessive Disciplinary Referrals**

Students who receive an excessive number of discipline referrals, can, at the principal’s discretion be excluded from school-related activities, including field trips, assemblies and classroom activities. Students may also receive out of school suspension for excessive referrals. Notification will be provided in advance of any such decisions.

**Making-up Missed Work**

Pupils who are under suspension will be required to make up all assignments missed during the period of their suspension and will be given adequate opportunity to make up this work. It is recommended that parents make arrangements with classroom teachers to pick up work during the suspension period.

Upon their re-admission, failure to complete the make-up assignments with the same grace period as suspension period will result in failure for the assignments.

**General Playground Safety Rules**

• The playground is the fenced-in area by the parking lot. Children are not permitted in the parking lot.
• Use of hard balls is not permitted. Safety equipment will be required as appropriate.
• Throwing snowballs is not permitted.
• Students must be escorted from the cafeteria to the playground by the playground supervisor. No food may leave the cafeteria. After a student has gone outside for recess he/she is not permitted to re-enter the building without being accompanied by a teacher or teacher aide unless otherwise directed. Students must be picked up by their homeroom teacher and escorted back to their room in an orderly fashion.
• Rough-housing, pushing, or fighting is not permitted.
• Tackle football or other physical contact sports are not permitted.
• Students will be expected to leave the classroom quietly when going outside and are expected to enter the building quietly at the end of the period.
• Students playing on the playground equipment must use the safety rules for that piece of equipment. Children may not play on bleachers.
• Students cannot leave the school grounds without permission, and must be supervised at all times.

GUIDANCE
Counseling services are available to all students. Students may come to the guidance office to get information, to ask questions, or to discuss concerns. Students wishing to see a guidance counselor should fill out a guidance request form with their homeroom teacher. Upon receiving request forms, counselors will then arrange an appointment with individual students.

If you need to reach a guidance counselor, you can call 861-2821 ext. 220 for Monica DiVito or ext. 221 for Jillian Bassetti.

HAWKLET’S NEST
The Board of Education offers before and after school child care. The objective of the program is to keep elementary and primary youth safe by providing a safe environment and to help make the transition to school easier for children and their parents. Our Hawklet’s Nest program begins at 7:00 AM and is available until 6:00 PM every day that the Dennis Township Schools are open. You may bring your children on your way to work and/or have them remain at school until you pick them up on your way home. This alleviates the worry about children’s travel time as well as the need to find reliable child care. The Hawklet’s Nest program is supervised and administered by the program coordinator. The program coordinator is Joseph LaRosa, Ed. D. All questions or concerns regarding the program should be directed to the coordinator or the program bookkeeper, Lynda Blank. Call 861-2821 ext. 510.

ALL medication must be administered by the nurses. NO student is permitted to self-administer medication or have it in his/her possession unless a medical release form is signed by the parent and physician for the self-administration of medication for a life threatening condition only.
Medication must be accompanied by a signed order from the physician and parent/guardian stating the name of the child, name and dose of the medication, and the time it is to be given. This applies to all medication including over the counter drugs. A medical emergency form must be signed on the appropriate line if your child is to receive Tylenol for pain or headache.

For the health of all students, as per school health policy: **Students will be excluded from school for “a temperature of 100 degrees or greater by oral thermometer…students should remain home for 24 hours after last elevated temperature.”**

Injuries sustained at home should be treated by parents at home and not during the school day.

Should a student be suspected of taking an unknown substance or displaying symptoms of an emergency medical concern, a call to a custodial adult will be made. Child may be referred to emergency services personnel in addition to parental notification.

**HOMEWORK**

Homework is a valuable tool in reinforcing or extending lessons that are being taught in the classroom. Homework serves a valid purpose when it...

- Provides essential practice in needed skills
- Trains pupils in good work habits
- Extends pupil skills and/or knowledge
- Remains designed to minimize the temptation to merely copy information
- Remains designed to be done without the assistance of parents or others
- Remains designed to be evaluated and used in the daily program

It is expected that homework assignments will be completed. Failure to complete homework will be reflected in the student’s grade.

**In the Primary Building**, students who do not submit a homework assignment on the due date will have a one day grace period. After such time, the student will lose a portion of recess to work on the assignment.

**Inappropriate Bus Behavior**
Inappropriate behavior by students compromises the bus driver’s skill, concentration, and overall ability to transport the students in a safe manner. The Dennis Township Elementary School’s focus is on the safe transportation of our students to and from school. Because safety is non-negotiable bus disciplinary guidelines are strictly enforced. Dennis Township School District reserves the right to audio or video tape students riding the bus.
Bus Disciplinary Guidelines
Any behavior which compromises a drivers’ ability to safely operate his/her vehicle may result in:
1st Offense.....Warning, detention and/or 3 to 5 days bus exclusion
2nd Offense.....5 to 10 day bus exclusion
3rd Offense.....10 days bus exclusion with a possible referral to the superintendent for additional days off the bus.
*Additional Offenses ... Immediate suspension from the bus with referral to the superintendent for long-term suspension of bus riding privileges and/or suspension from school.

All disciplinary measures are at the discretion of School Administration. Severe rule infractions may result in immediate bus exclusion or termination of bus privilege.

Procedures While Waiting at the Bus Stop
Most accidents involving students occur either at the bus stop or while the student is crossing the road to board the bus.

- Students will wait for the bus on the side of the road on which they reside. They should not wait on the shoulder of the road but in a location where they are visible to all drivers.
- Students should not be allowed to play ball or any other activity that may cause them to run into the street.
- Students should not start approaching the bus until it has come to a complete stop and the driver has signaled that it is safe to board the bus. Small children board first.
- Once the driver has signaled that it is clear, students should enter the bus single file, without pushing or shoving, crossing in the front of the bus in clear view of the driver.
- At no time should students run to catch a bus. We ask the cooperation of all parents to ensure their children are at the bus stop 5-10 minutes prior to the normal arrival time.
- If any student is habitually late for the bus, a conference will be set up with the parents to resolve this issue.

Procedures For Exiting the School Bus

- Prior to their arrival at the bus stop students should have all of their belongings ready.
- Students cannot stand until the bus has come to a complete stop.
- If students must cross the street, they will walk on the shoulder of the road to a location in front of the bus where they can clearly see the driver. They will wait for the driver to signal that all traffic has stopped and that it is safe to cross the road.
- If students reside on the side of the road on which they are dropped off, they should not walk along the shoulder of the road but along the grass.
- If at any time a student drops an object after exiting the bus he/she should notify the driver before trying to recover it. There have been a number of incidents throughout the country where students are injured because they try to get objects that fall under a bus and the driver cannot see them.
- If at any time a child feels uneasy exiting a bus because of a suspicious vehicle or person at a bus stop he/she should immediately notify the driver.
• If at any time a child is not sure if anyone is home he/she should notify the driver who will then contact the school via radio.

Concerns about Transportation
If you have concerns or issues dealing with transportation, the proper chain of command is as follows:

1. Transportation Department: 861-2821 ext. 239
2. Business Administrator: 861-2821 ext. 511
3. Superintendent: 861-2821 ext. 515
4. Board of Education

Disciplinary issues on the bus will be handled by each building Principal.

VACATIONS
Families are strongly encouraged to take vacations during times of the year when school is not in session. Although outside of classroom experiences are at times rich and rewarding, there can be no substitute for what a child misses in his or her classroom while away from school. The school calendar is designed with the needs of families in mind, and ample time is given for vacations over the Winter, Spring, and Summer breaks. Please keep this in mind when scheduling time off. **Vacations are considered unexcused absences.**

VISITORS
For the safety and security of your children, it is important that all parents and visitors sign in and out at the appropriate grade level office and obtain a visitor’s pass. This will help the faculty and administration ensure that all people in the building are supposed to be here. Your help and cooperation with this effort is appreciated.

For the safety and security of our students and staff:
• All parents and visitors **must** sign in and out of front offices;
• Parents and visitors must report directly to their intended destination. Stopping by classrooms and other areas of the building is prohibited;
• Arrangements for tours of the building or visits to classrooms should be made in advance;
• Smoking is strictly forbidden on school grounds;
• All students are to be picked up by parents or guardians only from the appropriate school office.
