A GUIDE FOR PREPARING YOUR PORTFOLIO

- 1. If you are applying for life experience credit, prepare a typewritten detailed and verifiable summary of your ministry service composed of the following information:**

1. The names, dates, and addresses of the churches where you have served and in specifically what capacity.
2. Supply information on the church and the approximate membership, and any programs you have implemented.
3. Ministry activities you may have engaged in, such as: radio, television, missions, evangelism, youth ministry, Christian education, counseling, childrens church, etc.
4. Any other pertinent information that might be of assistance in evaluating your ministerial experience, including copies of all theological diplomas, certificates, awards, honors, as well as, any ministry related seminars you have attended and/or any other ministerial experiences.

Listed below are many different subjects you may have studied, taught, or preached during your experiences in ministry. Credit may be given if you have spent at least 192 hours researching any given subject. This is the equivalent of approximately one sermon or lesson per week for ten weeks, or ten different sermons/lessons on a topic during your ministry.

When possible, we may award life experience credits on your student transcript for those subjects you have checked on this sheet. Be prepared to submit tangible evidence of your work in these areas if necessary.

I affirm that I have researched, studied, taught, and/or preached the subjects I have checked on this sheet.
